DETAILED ACTION

Claim Objections

1. Claims 14 is objected to because of the following informalities: "coding step selected" of line 13 appears to be "coding method selected." "second decoding step" of line 16 appears to be "second decoding method" because the second decoding step is selecting and performing a decoding method. The coding step and the decoding step selects a coding method and decoding method respectively-not selecting a coding step and decoding step.
2. Claims 15-16 are objected because they depend objected claim 14.
3. Appropriate correction is required.

Allowable Subject Matter

4. Claims 1, 12, 13 are allowed.
5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of
